Product Description

Mortar and pestle are functional from ancient times to still now to prepare ingredients or substances by crushing and grinding them into a fine paste or powder. They are also known as mortar grinding machines. Choose the natural round mortar pestle set of the size you want from the variety store of CRAFTS ODISHA.

Material: Sandstone / Redstone **Dimension(HWL):** 4 x 6 x 6 inch

Characterization of the elemental stone sculptures:

- The above stone sculpture is a Sandstone natural round mortar pestle.
- Technology in the present time has scraped most of the ancient instruments. There still exist some ancient types of tools that are unreplaceable.
- The rich working surface enables the effective use of Mortar and Pestle
- Pestle is cylindrical while Mortar is a round face bowl.

The uses of the mortar pestle :

- Very useful for grinding spices, herbs, and roots in the traditional way.
- This tool can even maintain purity at the same time. Certainly, the smaller fine ingredient can easily break through the systemic barrier.
- Smaller refined versions of the mortar and pestle have continued to find use in kitchens for preparing pastes and other finely ground elements of cuisine, in pharmacies for preparing

medicines, and in chemical laboratories.

- Place the substance to be ground in the mortar. Press and rotate the pestle onto it until the desired texture is achieved.

Cleaning guide for the Mortar pestle set:

- All you need to do is clean your stone sculptures with a sponge soaked in water and soap.
- Preferably use a non-abrasive cleaning product.
- Then dry with a soft cloth or microfiber cloth, preferably, and the statue will shine like new.
